Dear students and parents,

It has been brought to my notice that many students of all classes are irregular in attending the online classes. Some students remain absent even without any intimation to the teachers. Teachers are noting down their names and strict action will be taken against such students. Even for the promotion to the next class, school needs to follow CBSE guidelines and norms which specifies a certain percentage of attendance for each student in the academic year. Since CBSE has advocated Online classes for schools as no other option is open in front of us, school is strictly following the attendance counting of students.

Hence, it is advised and instructed to attend the online classes regularly, failing of which will result into serious consequence on the future of the students.

**21-Oct-2023**

It has been brought to the notice that many students remain absent in classes during these days. They are not present either in online or in offline classes.

Please try to understand that the minimum attendance prescribed by CBSE is needed to write Board exam and School will not give you any extra attendance during your absenteeism. So be present in the classes in the coming days to avoid any kind of problems for your examination

World Braille Day is observed every year on 4 January to celebrate the importance of braille, a form of communication and written language for people who are blind and visually challenged.

The day commemorates the birth anniversary of Louis Braille , the man who invented braille in the year 1809.

The day aims to raise awareness about braille language and other forms of communication, As many establishments such as banks, restaurants, hospitals still don't offer braille versions of their printed materials, the day serves as a reminder of the importance of accessibility and independence for people who are visually impaired.

1 Students, it is important for you to attend the Activity Examination. The grades for this examination play an important role in determining your promotion to next class as well since it comes under Co Scholastic activities and are compulsory by CBSE. Do attend in it in your Activity period or else teachers will be forced to give you ' E ' GRADE which is equivalent to failing in Co Scholastic exam.
